

COPY CAM Instructions

- 1) Hang Huddle Board on the wall beneath the copy cam
- 2) Make sure the copy cam light is green
(if it is not, make sure the copy cam is plugged in and connected)
- 3) Press the HTTP icon
- 4) The light will flash orange until picture has been taken
- 5) When the light turns green again you may take another picture
- 6) To view pictures, Open a browser on any computer and type in:

<http://128.111.186.10>

Troubleshoot: If the copy cam light is green and when you press HTTP the light does not flash and no picture has been taken, unplug the power source below for a few seconds and then plug back in. The light will flash orange. When it is solid green, you may take a picture.
